Function of Maine TAC

Maine's Technical Advisory Committee supports the Department through the review of the statewide assessment plan, state assessments, Maine's Model of School Support, while ensuring all necessary federal requirements of the Elementary and Secondary Education Act (ESEA) are adhered to. The TAC members are knowledgeable in educational measurement with rich experiences on psychometric and assessment issues, related to the design, development, and implementation of large-scale assessments.

They are experts and leaders within their field of expertise, sharing their broad experience developing, implementing, and/or validating statewide school accountability systems in order to provide both a local and national perspective.
